

## Israeli Police Department - Tel Aviv, Israel

ISSUES/COMPLAINTS

Numerous occupants of the building experienced headaches, stuffy sinuses and breathing difficulties

TESTING HOUSE

Hayes Microbial Consulting Testing laboratory located in Midlothian, VA, USA

CLAIM POST BETTERAIR USAGE

Introduction of BetterAir Enviro-Biotics resulted in a reduction in pathogenic microbial load.....particularly in multiple strains that are known Asthma triggers. Within two weeks there was a reduction to below detection levels of three fungi strains and multiple strains pathogenic bacteria.....all known to cause health

OUTCOME

Elimination of occupants complaints of headaches, stuffy sinuses and breathing difficulties
